

EU4Business: Connecting Companies

EUROCHAMBRES - 2020

**6 EASTERN PARTNERSHIP (EaP) COUNTRIES:
ARMENIA, AZERBAIJAN, BELARUS, GEORGIA,
MOLDOVA & UKRAINE.**

ALL EU MEMBER STATES

The **EU4Business: Connecting Companies** is an action managed by **EUROCHAMBRES** and funded under the #EU4Business initiative of the European Union.

The project aims to promote trade between the EU Member States & the 6 **Eastern Partnership** (EaP) countries: Armenia, Azerbaijan, Belarus, Georgia, Moldova & Ukraine.

The EU4Business: Connecting Companies builds upon the positive results of the successful East Invest projects that were developed by EUROCHAMBRES (in partnership with SMEunited) from 2010 to 2017, and which were also funded by the **#EU4Business** initiative.

The project will contribute to sustainable economic development and job creation in the EaP countries by helping **SMEs** to grow - especially by promoting increased trade, encouraging inward investment and fostering business links with companies in the EU.

Study visits

B2B Matching

Twinnings

During 3 years (2020-2022), the project will support a wide range of activities for **Business Support Organisations** (including local and regional chambers) and businesses in the EaP countries & EU Member States - such as B2B Matching, Twinnings & Study Visits.
